

DDTC AGILITY RUN THRU Sunday, September 17th, 2023

Dayton Dog Training Club would like to announce the next agility Run Through for 2023

The building opens approximately 45 minutes before the first run of the day.

We are asking that all crating be done in rings 4 & 5

Other parts of the building will be available for DDTC members to train.

First dog on the line at:

1:30PM to 3:00PM --- Tall dogs - 16", 20", 24"

We will try our best to stay on schedule for the second group, so please be ready when called by the gate.

The second group will have time to walk the course during the break so manage your arrival accordingly.

3:15PM to 5:15PM --- Small dogs - 4", 8", 12"

If you have both a large and small dog you can come either time slot with both dogs and we will manage jump heights as needed.

There will be a Master's course set up with a nested Novice course. Courses are generally a Standard course.

We have WOM and/or channel weaves available for Novice dogs, not doing straight up weaves yet.

The fee is \$5.00 per dog for 2 runs - each run will be two minutes to be used as you want, as time permits.

Crates required when inside. No crating in running area to decrease distraction/congestion.

DURING THE RUN THRU, HELP WILL BE NEEDED FOR THE FOLLOWING:

Gate person

Timer

Leash runner

Bar setters/ring crew

Light clean up afterwards

It is important that we leave the creating area clean for classes the following week.

If anyone has any questions, do not hesitate email, call or texted me.
